

## INSTRUCTIONS FOR WALL-MOUNT INSTALLATIONS

### Prepare cabinet

1. Carefully remove all packing material. Place hardware package and doors aside until needed.

### Determine location

1. The commonly accepted height of bath cabinets is 64" from the finished floor to the center of the mirror area. However, height may be adjusted to individual preference.
2. For maximum security, mount cabinet directly to wall studs.

### Mount cabinet

NOTE: For ease of installation, the assistance of one or two additional persons is recommended.

1. Measure and mark four (4) mounting holes on the wall corresponding to the pre-drilled hole locations in the mounting bars on the inside back panel of the cabinet. (FIG 1) Draw horizontal lines connecting the two top and two bottom marked locations. The lines should be level. Adjust to level if necessary. Repeat this process with vertical lines connecting the two left and two right marked hole locations. After insuring the marks are level, verify the mounting holes in the cabinet back match the marked wall locations.
2. Drill 9/64" diameter holes at the marked locations on the wall. If mounting holes are not located at a stud, the hole diameter, in the wall, must be increased to accommodate wall anchors. Position wall anchors as required.
3. Hold cabinet in place and make sure it is level.
4. Attach the cabinet to the wall with the four mounting screws from the hardware pack.

NOTE: Do not use nails to mount the cabinet.

NOTE: Irregularities in wall surface may cause distortion of cabinet body when mounted. Place shims between cabinet and wall as necessary.

### MIRROR CARE

- Use only clean warm water and a clean, soft, lint-free cloth.
- DO NOT USE cleaners that contain solutions of ammonia, vinegar, or chlorine.
- DO NOT USE powdered cleansers or steel wool.
- Never spray cleaning agent directly on mirror, especially on exposed edges and mirror backing. Apply cleaner to soft cloth and wipe mirror. Dry mirror thoroughly.
- Keep mirror dry. A well ventilated bathroom is important.

### ONE YEAR LIMITED WARRANTY

Broan-NuTone warrants to the original consumer purchaser of its products that such products will be free from defects in materials or workmanship for a period of one (1) year from the date of original purchase. THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

During this one year period, Broan-NuTone LLC will, at its option, repair or replace, without charge, any product or part which is found to be defective under normal use and service. This warranty does not cover (a) normal maintenance and service or (b) any products or parts which have been subject to misuse, negligence, accident, improper maintenance or repair (other than by Broan-NuTone LLC), faulty installation or installation contrary to recommended installation instructions. Labor to remove and replace products is not covered.

The duration of any implied warranty is limited to the one year period as specified for the express warranty. Some states do not allow limitation on how long an implied warranty lasts, so the above limitation may not apply to you.

BROAN-NUTONE LLC's OBLIGATION TO REPAIR OR REPLACE, AT BROAN-NUTONE LLC's OPTION, SHALL BE THE PURCHASER'S SOLE AND EXCLUSIVE REMEDY UNDER THIS WARRANTY. BROAN-NUTONE STORAGE SOLUTIONS SHALL NOT BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES ARISING OUT OF OR IN CONNECTION WITH PRODUCT USE OR PERFORMANCE. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state. This warranty supersedes all prior warranties.
